Empower a Cancer Survivor with a Monthly Donation

We are thrilled to announce the launch of our Friends of Food for Life program—a new, monthly giving club to support our unique life saving class series.

The Cancer Project's Food for Life Nutrition and Cooking Classes for Cancer Prevention and Survival are held in hospitals, supermarkets, churches, cancer centers, and other venues across the United States. Last year, The Cancer Project held more than 1,500 classes, reaching tens of thousands of people. These classes mean better health and survival for people in communities all over the country.

Your support of these classes with a small monthly contribution of \$5 or more will help us keep them free to participants, and you will be supporting the only classes available that are teaching people about food's cancer-fighting qualities, easy preparation for nutritious meals, and how to eat healthfully for cancer prevention and survival.

Please charge the following amount to my credit card each month \$ _____.

Participation in the monthly giving program can be changed or stopped at any time by notifying us in writing or by calling 202-244-5038.
